Lifecycle Approach

Differentiators

- We are a **boutique, digital forensics, cyber security and training company** challenged to solve emerging forensics and security issues
- We help you **plan** your security program; **protect** your assets; **detect** intrusions; **investigate, respond** to, and **recover** from incidents; **assess** your security measures; and **educate** your users about security threats
- Our **state-of-the-art NetSecurity® Forensic Labs** is dedicated to conducting vulnerability exploitation and computer investigations
- Our in-house developed **NetSecurity® Cyber Incident Response Toolkit (NCIRT) automates the collection of digital evidence** from the crime scene, saving you time and money
- We have **renowned security/forensics engineers, consultants, analysts, researchers, and instructors** with **industry prestigious certifications** such as **CISSP, ISSAP, ISSMP, CISM, CISA, CHFI, EnCE, and CCSE**

- We are **vendor-neutral**, ensuring objectivity in recommending solutions that are in your best interest
- We deliver **unmatched customer service** to each of our clients
- We provide **outstanding quality** in our service delivery, all **tailored to your unique environment**
- We are **very nimble and responsive** to the needs of our customers, ensuring any outstanding issue is resolved promptly
- Using our **Hands-On How-To® Training** program, we **teach IT professionals** new techniques for solving emerging challenges
- NetSecurity® is a **Licensed Private Investigation (“PI”) company**
- NetSecurity has a **DoD Top Secret Facility Clearance**
- NetSecurity is **8 (a) Certified**
